U. S. DISTRICT COURT
FOR THE DISTRICT OF DELAWARE

MOTION TO QUASH

2008 DEC -4 PM 4:29

Movant Delaware Health and Social Services, Division of Medicaid and Medical Assistance (“DMMA”), through its undersigned counsel, hereby moves pursuant to Fed. R. Civ. P. 45(c)(3), for an order to quash a subpoena for the production of documents in a case pending in the District of Massachusetts. In support of this Motion, DMMA represents the following:

1. On Tuesday, November 25, 2008, Defendants Dey, Inc, Dey, L.R., and Dey, L.P. (“Dey”) served a subpoena upon Harry Hill, the Director of DMMA. DMMA is not a party to the underlying lawsuit pending in the District of Massachusetts. The subpoena sought the production of Medicaid claims data over a 10 year period for each instance when the Medicaid program provided reimbursement of claims for 26 drugs. The return date of the subpoena was December 3, 2008. A copy of the subpoena is

attached as Exhibit A.

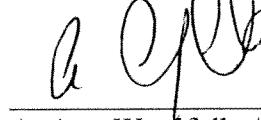

2. DMMA objects to the subpoena in that it fails to allow a reasonable time for compliance pursuant to Fed. R. Civ. P. 45(c)(3) and Local Rule 30.1, which requires seven days for reasonable notice for depositions. Dey served the subpoena only four business days in advance of the required time for compliance. Under Fed. R. Civ. P. 6(a), holidays and weekends are not counted. November 27, 2008 and November 28, 2008 were legal holidays. Fed. R. Civ. P. 6(a)(4). Although DMMA mailed the subpoena promptly to its counsel, the undersigned, counsel did not see the subpoena until December 3, 2008.

3. DMMA objects to the subpoena in that it subjects DMMA to an undue burden. Based on its limited review to date, DMMA estimates that it would take approximately a year and several million dollars to produce the data as demanded by Dey. The data requested are from an MMIS program no longer used by DMMA. The data are stored on tapes in a format that is not in a useable format. It would be expensive and time-consuming to recreate the data in the format demanded in the subpoena. Moreover, DMMA believes that much if not all of the claims data sought are available from the federal CMS website.

4. It may be that the data contain information that would identify Medicaid recipients and, under state law, that information would need to be removed before the data could be released. 31 Del. C. §1101.

WHEREFORE, for the foregoing reasons, DMMA respectfully requests that the subpoena be quashed pursuant to Fed. R. Civ. P. 45(c)(3).

Rule 45, Federal Rules of Civil Procedure, Subdivisions (c), (d), and (e), as amended on December 1, 2006:

(c) PROTECTION OF PERSONS SUBJECT TO SUBPOENAS.

(1) A party or an attorney responsible for the issuance and service of a subpoena shall use reasonable steps to avoid imposing undue burden or expense on a person subject to that subpoena. The court on behalf of which the subpoena was issued shall enforce this duty and impose upon the party or attorney in breach of this duty an appropriate sanction, which may include, but is not limited to, lost earnings and a reasonable attorney's fee.

(2) (A) A person commanded to produce and permit inspection, copying, testing, or sampling of designated electronically stored information, books, papers, documents or tangible things, or inspection of premises need not appear in person at the place of production or inspection unless commanded to appear for deposition, hearing or trial.

(B) Subject to paragraph (d)(2) of this rule, a person commanded to produce and permit inspection, copying, testing, or sampling may, within 14 days after service of the subpoena or before the time specified for compliance if such time is less than 14 days after service, serve upon the party or attorney designated in the subpoena written objection to producing any or all of the designated materials or inspection of the premises — or to producing electronically stored information in the form or forms requested. If objection is made, the party serving the subpoena shall not be entitled to inspect, copy, test, or sample the materials or inspect the premises except pursuant to an order of the court by which the subpoena was issued. If objection has been made, the party serving the subpoena may, upon notice to the person commanded to produce, move at any time for an order to compel the production, inspection, copying, testing, or sampling. Such an order to compel shall protect any person who is not a party or an officer of a party from significant expense resulting from the inspection, copying, testing, or sampling commanded.

(3) (A) On timely motion, the court by which a subpoena was issued shall quash or modify the subpoena if it

(i) fails to allow reasonable time for compliance;

(ii) requires a person who is not a party or an officer of a party to travel to a place more than 100 miles from the place where that person resides, is employed or regularly transacts business in person, except that, subject to the provisions of clause (c)(3)(B)(ii) of this rule, such a person may in order to attend trial be commanded to travel from any such place within the state in which the trial is held;

(iii) requires disclosure of privileged or other protected matter and no exception or waiver applies; or

(iv) subjects a person to undue burden.

(B) If a subpoena

(i) requires disclosure of a trade secret or other confidential research, development, or commercial information, or

(ii) requires disclosure of an unretained expert's opinion or information describing specific events or occurrences in dispute and resulting from the expert's study made not at the request of any party, or

(iii) requires a person who is not a party or an officer of a party to incur substantial expense to travel more than 100 miles to attend trial, the court may, to protect a person subject to or affected by the subpoena, quash or modify the subpoena or, if the party in whose behalf the subpoena is issued shows a substantial need for the

testimony or material that cannot be otherwise met without undue hardship and assures that the person to whom the subpoena is addressed will be reasonably compensated, the court may order appearance or production only upon specified conditions.

(d) DUTIES IN RESPONDING TO SUBPOENA.

(1) (A) A person responding to a subpoena to produce documents shall produce them as they are kept in the usual course of business or shall organize and label them to correspond with the categories in the demand.

(B) If a subpoena does not specify the form or forms for producing electronically stored information, a person responding to a subpoena must produce the information in a form or forms in which the person ordinarily maintains it or in a form or forms that are reasonably usable.

(C) A person responding to a subpoena need not produce the same electronically stored information in more than one form.

(D) A person responding to a subpoena need not provide discovery of electronically stored information from sources that the person identifies as not reasonably accessible because of undue burden or cost. On motion to compel discovery or to quash, the person from whom discovery is sought must show that the information sought is not reasonably accessible because of undue burden or cost. If that showing is made, the court may nonetheless order discovery from such sources if the requesting party shows good cause, considering the limitations of Rule 26(b)(2)(C). The court may specify conditions for the discovery.

(2) (A) When information subject to a subpoena is withheld on a claim that it is privileged or subject to protection as trial-preparation materials, the claim shall be made expressly and shall be supported by a description of the nature of the documents, communications, or things not produced that is sufficient to enable the demanding party to contest the claim.

(B) If information is produced in response to a subpoena that is subject to a claim of privilege or of protection as trial-preparation material, the person making the claim may notify any party that received the information of the claim and the basis for it. After being notified, a party must promptly return, sequester, or destroy the specified information and any copies it has, and may not use or disclose the information until the claim is resolved. A receiving party may promptly present the information to the court under seal for a determination of the claim. If the receiving party disclosed the information before being notified, it must take reasonable steps to retrieve it. The person who produced the information must preserve the information until the claim is resolved.

(E) CONTEMPT. Failure of any person without adequate excuse to obey a subpoena served upon that person may be deemed a contempt of the court from which the subpoena issued. An adequate cause for failure to obey exists when a subpoena purports to require a nonparty to attend or produce at a place not within the limits provided by clause (ii) of subparagraph (c)(3)(A).
